It is greatly regretted that the name

These societies very generously donated
money to help advertise this most im-
portant week.

WELCOME HOME COMMITTEE.

The Hull Welcome Home Campaign is
now going in full swing. The various
committees have been appointed and work
has already begun on the reception that
is going to be given all Hull boys in the
United States Service on their return
from the front, and from the camps. This
campaign is a town organization and ev-
erybody is asked to help put it over for
these fellows who entered the service
from our town better than any other
town is going to do for their boys.
The second meeting of the Executive
committee was held at Police head-
quarters last Saturday night and the final
committees were appointed and the cam-
paign was officially started. The main
purpose of this campaign is to welcome
home "Our Boys" in such a way that
they will always remember it and to do
this a little better than any other town
is going to do.

Hull has nearly 100 men in the service
and each one of them is going to have
the biggest reception tendered him that
is possible and the committee now ap-
pointed for this work want everybody in
the town to feel that this is going to be
a personal reception to each one of these
fellows.

Some of these boys will be coming into
town any time now and it is up to each
and everyone of us to see that they
come into town as real heroes should,
flags waving and hands playing, and in
order to do this the selectmen have ap-
pointed representative committees con-
sisting of both permanent and summer
residents to make the necessary arrange-
ments for an adequate home coming for
our boys.

A finance committee has been appoint-
ed and the town divided into eight dis-
tricts for the collecting of contributions
for the fund that will have to be raised
in order to put this reception over for
the right way. After considerable discussion
it was decided that the people of the
town would rather contribute personally
to this fund than to have the town do-
nate a certain amount from the Town
treasury for this reception, so everybody
is asked to give all they can to this fund
and then dig 'way down and give just a
little bit more.

We realize that Christmas is just com-
ing and that food is higher than ever,
that coal is high, and all that, but just
think of the Christmas these fellows
will spend marching into Germany, doing
duty at camp, and perhaps, some of
them on their way home, on the high
sea, think how much they would give to
be home with their family on this day
of days, think of all they have suffered
for each and everyone of us, and then
when you think you should be in the
front, you will not be able to give them
their Christmas dinner but we can give
them money through the Finance com-
mittee which will be used to welcome
them back to us again. So let each one
of us give these boys a Christmas pres-
ent through this finance committee.

The Town has been divided into the
following districts and captains appointed
as head of each district. Give your

subscription to the captain or to one of
his workers of your district. Pemberton
to Stony Beach, Mr. Nickerson; Stony
Beach to Allerton Crossing, Mr. Gilman;
Allerton Crossing to L. St., Mr. Murphy;
L. St. to A. St., Mr. Walsh; A. St. to Ken-
berna St., Mr. Wanzler; Kenberna St. to
Bay St., Mr. Eaton; Bay St. to Atlantic
Hill, Mr. Jeffrey; Atlantic Hill to West
Corner, Mr. Smith.

Personally I think it would be a good
plan if every Special Aid society and
other organization in the town appointed
one of their members to be on one or
more of the various committees, thus
bringing everybody together in carrying
out the biggest and best campaign ever
started in Hull.

The other committees, members and
duty are as follows: The reception and
entertainment committee, members
John Smith, Joseph T. Gilman, James
Jeffrey, C. V. Nickerson, Chas. H. Water-
house, N. W. Wanzler, Henry J. Stevens,

G. Eaton, Mrs. Blanche G. Bryant,
Mrs. A. F. Pope, Mrs. Wm. Randall, Miss
Marie Fitzpatrick and Mr. L. N. Gilman.
Mr. Frank Kingdon is chairman of this
committee.

The duties of the Reception and En-
tertainment committee are to meet
these boys outside the town and to bring
them into town, to look after any im-
mediate needs any one of these boys
might have, take care of all parades and
other forms of entertainments to be given
in honor of these boys, to run dances
and parties to help raise money for the
Finance committee.

The Souvenir committee: W. A.
Grimes, chairman; George F. James,
Wm. G. Eaton, John G. Sweeney and
John Knowles. Duties of this committee
are to get up some form of medal to be
given each boy and to submit a report
to the executive committee. As to the
other towns are doing as to any distinc-
tion in medals to be given those fellows
who went to France and those who only
got as far as camps.

Historical Committee, this committee
is to write a book of history of every
man in the service. This history to be
published. Mr. John E. Campbell will
have complete charge of this work.

Circular letters are to be sent to every
resident of the town, both summer and
winter, asking them to more fully the purpose
of this campaign.

The officers of the Hull Welcome
Home campaign are: Frank Kingdon,
chairman; Clarence V. Nickerson, vice-
chairman; Jas. H. Grimes, Jr., secretary;
and Frank P. Richardson, treasurer. The

DAMON SCHOOL P. T. ASSN.

The regular meeting of the Damon
Damon School Parent-Teacher associa-
tion was held at the school house on
Tuesday afternoon at the close of the
school session with a good attendance.
Mrs. Worthen, the president was able
to be present and presided. Mrs.
Coffey, the newly elected secretary
read a splendid report of the
last meetings. Mrs. J. E. Campbell
gave a report of the year's work which
is given in full. The pupils sang under
direction of Mr. Harvey and Mrs. C. E.
West played a piano solo. Mrs. Rowe,
former councillor for this district, re-
cently resigned for a year's rest, was
present and gave an interesting talk
and many helpful suggestions for work.
It was voted to serve cocoa to the
pupils at the noon hour again this year.

Report of work for 1917-18: During
the year we have held our regular meet-
ings the town being fortunate enough to
have plenty of coal for its school houses
so they could be kept open.

In Oct. we held our annual business
meeting with election of officers, etc., at
which Mrs. Gilman and Mrs. Camp-
bell gave a combined report of the state
convention at Holyoke from the opening
to the close. This report they repeated
in Nov. in Hull.

In Nov. Mr. Ellawood of the Florence
Crittenden home was the speaker and
every one enjoyed the meeting. During
the month of December the committee
found themselves up against quite a
proposition as the train and car service
had been reduced so that out of town
talent was impossible but they did what
they could and 4 very good meetings
by the upper grades of the school fur-
nished the program. In Jan. Mrs. Wor-
then spoke on her trip to Washington
with the W. C. T. U. Miss Melvin read
a discussion on the subjects, "Shall
the school be closed and the fuel they
contain be distributed among families
having none?" and "Is it beneficial
to serve hot cocoa to the children at noon?"

brought several of our members to their
feet whom we had never heard before.
In Feb. Mrs. Campbell gave some facts
on food conservation and women's work
taken from Mrs. Smith's address before
the S. A. S. chairmen. Five of Miss Mel-
vin's little girls sang, also pupils from
the 5th and 8th grades and 4 readings
by girls of the 6th and 7th grades on child
labor conditions in the South closed the pro-
gram. In March we thought we would
give the boys a show. The program con-
sisted of singing, speaking and a play
by boys representing every grade in the
school. In April and May conditions
having changed we were enabled to do
better and in April we had Mrs. Ahern
of Hingham pianist and Miss Jackson,
who spoke on her experience in France,
teaching the blind soldiers. In May
Madam Young of Arlington gave piano
selections and the Rev. Francis Sprague
of Jamaica spoke on "Patriotism to our
flag and country. In Feb. we did away
with afternoon tea for the period of the
war. We had an average attendance of
from 45 to 50 for the year, and consider-
ing what we had to contend with in this
town last winter, I for one feel quite
proud of the meetings. But I am proud
or still of the other work done. Begin-
ning in Jan. and continuing till the
April vacation we served hot cocoa free
of charge to all the pupils, the cocoa be-
ing made by some of our members living
near and brought to the school at 12
o'clock by the older boys. The cocoa
costs, 42 cans condensed milk,
22 lbs. sugar (hard to get) 1 case evap.
milk, 1 case condensed milk, 14 quarts
dairy milk and \$12.70 in money. \$11.00
we spent in purchases outside of the
donations and \$2.89 remains to start our
work this year. We raised \$11. in dime
collections for the service house in
Washington, paid for 3 copies of the
child welfare magazine for the Hull
school and our president, and sent \$1.07
as our child welfare collection on Found-
er's day. And last but by no means least
the association has rendered valuable as-
sistance to the war work. Our president
represented the association on the gener-
al committee, one of our vice-presidents,
Mrs. Burr, has acted as director in this
section ever since the day work was
started and I cannot say enough in
praise of her work. She has been right
there at every meeting ready to answer
all calls during the week and although
a very busy woman at home I never
called for anything in work or report
that was not attended to. The same can
truthfully be said of the director in Hull,
Mrs. Mitchell, who is a most capable
teacher member in that section. Nearly
all our working members were parent-
teacher workers, and much of the money
raised was through their efforts, the as-
sociation making no effort to raise
money except for war work. Our teachers
and children were also faithful work-
ers, as a result of cornbally made by the
teachers and sold by the scholars about
\$20 was donated. The teachers also su-
perintended the collection of pennies,
punch stones, etc. Among our scholars
from 1 to 18, we had a large junior S. A.
and a great deal of knitting was done
by them including sweaters, socks, muf-
flers, wristers and wash mitts in addition
to which they turned in between \$25 and
\$30 this fall to the work which they
raised entirely by themselves. Madam
president and members of the associa-
tion this is to the best of my ability a
correct report of our year's work and I
request you by president to write such a
report I consented because I felt that
many were rather discouraged with last
year's P. T. A. work and felt we were
going back ward and I knew it was sim-
ply that circumstances had diverted our
work for the time being into a different
channel. I feel that in connection with
the times we had a fine year both along
our regular lines of work and others,
and we are still alive and ready to take
up whatever work the new conditions of
our country may require. I thank you
all for your kind attention.

Mrs. J. E. Campbell
compiled the above report, and which
was read on Tuesday at the P. T. A.
association meeting at Damon school, it
being in reality the annual report.

Hls Great Task.

"I want to get some information,"
said the tired man with three suit-
cases. "Why don't you apply to the
bureau of information?" "I'm refus-
ing to that. First I've got to get
information as to how I can find the
bureau of information."—Washington

TIMELY TOPICS

Wise, Super-Wise and Otherwise

HULL VILLAGE PARENT-TEACHER ASSOCIATION.

The December meeting of the Hull
Village school P. T. Association was
held on Monday afternoon at three p.
m. at the school house with large num-
ber in attendance. Mrs. Lewis N. Gil-
man, the president presided at the
meeting. The secretary, Mrs. Andrew
Pope read an interesting report of the
previous meeting. Miss Bernice Gilman,
chairman of the program committee,
read the report of that committee and
as outlined the year's program is a most
excellent one.

The chairman of the finance commit-
tee, Mrs. Frank Kingdon, who is also
treasurer, gave a report of the finan-
cial condition of the Association and al-
so outlined plans for collecting dues.
Mrs. Viola V. Morris of Worcester
gave a most interesting and instructive
talk on "Stories and How to Use Them"
and illustrated her talk by tell-
ing some wonderful stories, or was it
her way of telling them that was won-
derful? Her treatment of "The Old
Woman Who Lived in a Shoe" was
unique and while we listened to her, we
felt our years drop from us as icicles
drop from a house on a storm day.

At the last meeting, Mrs. Desmond
was elected vice-president to succeed
Mrs. Worcester, who resigned, and Mrs.
James Murphy was elected to fill the
vacancy of the social committee chair-
manship made by the resignation of
Mrs. Carroll Cleverly. Several new mem-
bers joined. A special effort this year
will be made to secure new members,
and to get the people out to each meet-
ing. Tea and cakes were served during
the social hour which followed adjourn-
ment. The association will announce
an evening meeting later. Rev. Frank
Kingdon is chairman of the committee
on evening meetings. The association
will join with others in having a com-
munity Christmas tree.

PETITION FOR TRAINS.

The petition for better train service
on the Nantasket Beach branch line
of the H. M. P. R. R. was presented by
Joseph Cahalan, chairman, has been pre-
sented by Mr. Cahalan to Mr. Wilson,
general passenger superintendent, who
has approved it and sent it on to New
Haven.

WHERE SHE IS AT!

Not that I think I am such a very
important person, but just so none of
my friends or foes will camp on my
trail using up too much of their valu-
able time, I would state that on Wed-
nesday and Thursday of each week I
will be at 65 Austin St., Cambridge.
Phone Camb. 6265 Other days in the
week I will be in my district some-
where. Can be reached early in the
morning (don't care how early) at 826
Nantasket Avenue, Allerton, phone Hull

Copy should be sent to Cambridge of-
fice so it will reach here Wednesday
morning. Anyone wishing to talk with
me on Wednesday or Thursday please
call 6265 between 12.30 and 1 o'clock if
possible.

MIGHTY HUNTERS.

It is said that the real sportsmen of
the town go to the Plymouth Camp
and good luck on Saturday, being 13
birds. A. J. Elliott, John R. Wheeler,
John L. Mitchell, John Clark, Winthrop
Sylvester are all crack shots. They are
not superstitious. So much for the
west end of the town. What the mat-
ter was. Where's Stuart Baker,
Walter Kelly, Foster Gardner,
Web, Mitchell?

THE 101ST MEETING

The items from the 101st Meeting
which Mrs. Campbell wishes to bring to
the 101st members of the Hull unit are
as follows: the amount raised in the
Sept. 7th drive was a little over \$84,
000. Goods sent across, which the Aux-
iliary has made: 3,000 sweaters, 3,500
socks, 3,000 ties, 3,000 shirts. The re-
mainder, with those which will be knit-
ted are to be kept for those returning
home who need them.

Orders were called to France for a
Christmas party for the 101st, the Gen-
eral to use his judgment as to what to
furnish, money, food, or comforts, he
was urged to spare no expense, to use all
the money necessary and to call for
more if wanted. Men in the hospitals
were to be included as far as possible.
Christmas greetings were called to
Gen. Logan and the three chaplains
over there by the members of the 101st
auxiliary and to Gen. Edwards at home.
The committee was requested to
carry Christmas greetings to all fam-
ilies of the 101st boys.

Accidents at Different Ages.

One of the large casualty companies
has prepared a compilation showing
the percentage of deaths due to acci-
dent at different ages. Out of a total
of 713,801 deaths embraced in the com-
pilation, 21.1 per cent were persons
from fifteen to twenty-nine years old;
16.1 per cent, thirty to thirty-nine; 12.3
per cent, forty to forty-nine; 8 per
cent, fifty to fifty-nine, and 4.7 per
cent, sixty to sixty-nine.

CHRISTMAS STORY

Santa May Visit Rockland.

Did you ever, dear reader, cudgel your
alleged brain for a new way to express
an old truth? Well, then, you have
sympathy for me. I want to tell you
the old story, which many have proved
is true, that Rockland is the natural
shopping centre for this district, but can
find no new words in which to set it
before you. The Christmas story as set
forth by the Rockland advertisers in
this paper is an attractive one. Now,
I'm going to let you in on a little secret.
In one of the advertisements of the
Rockland stores there is a slight mis-
take, not in price, or anything about
the goods, but in printing, or something
to do with that. Now, we will give a
small gift—nothing elaborate but some-
thing useful—to the first one sending
in to E. J. Sirovich, Allerton, Mass., the
correction.

Shopping expeditions to Rockland are
becoming more and more popular. No
matter how and your heart is this year
at the loss of a dear one you must keep
the Christmas spirit and we must keep
let the little ones know our sadness.
Give them the usual good time and, let
our Rockland advertisers help you.
Where is the child who will not re-
joice in a sweater or cap or dress from
the Boston Store? Grandma and grand-
pa will gladly welcome a record or vi-
olet from Beal and McCarthy's, and
there are many beautiful gifts at Da-
mon, for all the family. Quite different
and out of the ordinary are the gifts at
the Needle Craft or Ladies Bazaar and
while on this side of the street visit
Purcell's where you can get most any-
thing in foot wear. The little lady who
preside at "The New Store" has sug-
gested a variety of gifts and she has
them all in stock. O. L. Norcross es-
sentially holds it true with James Russell
Lowell who says "now is the only hen
laid eggs of gold" and he invites us to
shop "now" with him. I have been shop-
ping at Rockland stores all my life, it
doesn't seem to me that I have ever
made mistakes of course, but never when
I shopped in Rockland at the stores I
mentioned. Of course this little pre-
sentment on shopping would not be com-
plete if I did not mention each—nothing
ever is complete if the stomach is empty
so as it is about lunch time we will
all go up to Millar's Lunch and have
something to stay the inner man.

Santa wants to visit Rockland
me on Saturday so that he can buy
some more gifts, so he may be a pas-
senger in the East Wind Special. They
say that he has lots of money this
year for useful gifts, and has heard that
Rockland is a place where you get your
money's worth. Santa may visit Rock-
land in the East Wind Special to Shop.

WENDELL HOUSE OPENED

Mr. and Mrs. J. E. Campbell and Mrs.
White, workers in the Hull Special Aid
Society attended on invitation of the
Executive Board of the Special Aid So-
ciety, Massachusetts branch, the dedica-
tion of Wendell House—a home for en-
listed men and non-commissioned officers
at 31 Mount Vernon street, Boston, on
December 9th. Rear Admiral Wood and
Dr. Henry Van Dyke, a lieutenant com-
mander of the navy, and former minister
to the Netherlands, opened the house,
welcoming the men in service. An in-
vocation of blessing was given to the house
and all who entered its doors.

The Wendell House has been present-
ed by the Special Aid Society to all
enlisted men to fill the great demand
which existed for comfortable and home-
like sleeping quarters for enlisted men
who might be living in Boston tempo-
rarily.

Sixty boys can be accommodated and
the rooms are so attractive that al-
ready there threatens to be an over-
flow.

Besides the dormitory accommo-
dations, where enlisted men can get a com-
fortable room at the nominal cost of
30 cents, there is a cafeteria which will
serve breakfast at cost. On the lower
floor there is a spacious sitting room,
called the Brookline room, furnished by
the Brookline branch of the Special Aid,
a library and smoking room.

It has been named for the president
of the Special Aid, Mrs. Barrett Wendell.
Mrs. Campbell reports that the exer-
cises were most inspiring.

Why Called "Clove."

The word "clove" has come down
from the French word "clou," which
means a nail, because of the resem-
blance, partly real and partly fanciful,
which the dried clove bears to a nail.

Silk-Producing Insects.

The number of species of silk-pro-
ducing insects is very large, probably
more than 200, very few of which are
of any practical value to mankind.

Tea Blending Practical Monopoly.

The business of tea blending is pecu-
liarly British. For 100 years Min-
cing lane has blended tea for the whole
world and brought the work into the
region of an exact science.

GOOD NEWS

A Lady in Texas Tells How She Regained and Keeps Her Health.

Every household should have at hand all the time a dependable remedy with which to fight catarrh and catarrhal conditions.

The experience of Mrs. M. E. Barkley, No. 1822 27th St., Galveston, Tex., is not unique, but her letter does carry a vigorous "safety first" suggestion to every American home: "I wish to tell you of the good Peruna has been to me. I have used it five years and have never found it other than satisfactory as a remedy for colds, catarrh, indigestion and many other ailments. I am never without Peruna."

Coughs, colds, catarrh, grip and influenza cannot safely be neglected. Any disease due to catarrhal inflammation of the mucous lining, whether of the nasal passages, throat, lungs, stomach, bowels, kidneys, bladder or other organs, is to be feared. Catarrh is always a menace to the general health and on account of its prevalence must be fought and fought hard all the time.

Thousands place their entire dependence upon the well known time-tried remedy, Peruna. Dr. Hartman began selling Peruna for catarrh forty-five years ago. Try Peruna first and avoid possible disappointment and expense.

READY FOR "THE" OCCASION

Young Man Has Made Up His Mind to Be Prepared When He Meets Only Girl.

Cleric hasn't discovered the girl yet, but he is already worrying about how he is going to propose to her when he does. War and matrimony, says he, require preparedness. He has written a dozen tentative sentences.

We cut a few of them as mere suggestions. He imagines himself starting the conversation with one of the following phrases:

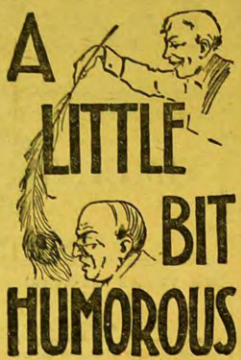

"You look very nice across a table."
"I think cooking like yours would keep me in good humor forever."
"Do you object to smoking about the house? I don't smoke."

Some Difference.
"You want to charge me \$40 for this sergeant's uniform?" said the recently promoted soldier.
"Yes, sir," replied the dealer. "That is the price—\$40."
"But I know a corporal who bought a uniform from you last week for \$20."
"Very likely, sir."
"But you advertised that your prices were uniform, did you not?"
"Oh, no. I advertised that I had uniform prices."

Simplification.
"Charley, dear," exclaimed young Mrs. Turkus, "this government ownership is a wonderful idea, isn't it?"
"Then you approve of government ownership?"
"Of course. It simplifies matters. When the government owns every thing it will have to pay all the taxes."

WHY HE WAS POPULAR.

When the Stocum Tennis club held a carnival in aid of war funds everybody began to talk about Blinks.

What costume would he wear? His calves were too thin for knee breeches and his arms too slim for a Viking; while his small head, scant of hair, would be lost in an antique helmet.

On the great day, however, Blinks was first favorite. All the women crowded round him and voted for him to have the prize, while William the Conqueror and Hamlet looked dismally round alone.

A late arrival, fogged out as a resplendent Roman warrior, asked: "What's the trouble with you fellows? You all look as cheerful as a wet week!"

"It's that Blinks!" came a chorus of groans. "The little brute came as a Bargain, marked down to one and eleven three, and every blessed girl in the place is fighting to get near him!"—Pearson's Weekly.

A GUESS.

"Who was the first 'shut in'?"
"Can't say. How about Jonah?"

Falling Off in Live Stock.
Live stock reporters of the bureau of crop estimates had on their farms 2.1 per cent less cattle, 2.4 per cent more hogs, and 1.2 per cent less sheep on September 1 than on August 1, 1918. Of the total cattle reported 51.7 per cent were cows and heifers over one year old, 26.2 per cent were steers and bulls, and 22.1 were calves.

Safe.
"A homely youngster."
"Punfully so. A good fairy presided at his birth."
"And wished a face on him like that?"
"Certainly. With his physiognomy there isn't the slightest chance of his ever being spoiled by women or involved into motion pictures."

Low Meat Prices vs. High Cattle Prices

If the farmer cannot get enough for his live stock, he raises less, and the packer gets less raw material.

If the consumer has to pay too much for his meat, he eats less of it, and the packer finds his market decreased.

The packer wants the producer to get enough to make live-stock raising profitable, and he wants the price of meat so low that everyone will eat it.

But all he can do, and what he would have to do in any case to stay in business, is to keep down the cost of processing the farmer's stock into meat so that the consumer pays for the meat and by-products only a little more than the farmer gets for his animals.

For example, last year Swift & Company paid for its cattle about 90 per cent of what it got for meat and by-products (such as hides, tallow, oils, etc.)

If cattle from the farm were turned miraculously into meat in the hands of retailers (without going through the expense of dressing, shipping and marketing), the farmer would get only about 1 1/2 cents per pound more for his cattle, or consumers would pay only about 2 1/4 cents per pound less for their beef!

Out of this cent or two per pound, Swift & Company pays for the operation of extensive plants, pays freight on meats, operates refrigerator cars, maintains branch houses, and in most cases, delivers to retailers all over the United States. The profit amounts to only a fraction of a cent, and a part of this profit goes to build more plants, to give better service, and to increase the company's usefulness to the country.

"LOOK OUT FOR THE CAR"
DO YOU know of anyone who is old enough to read, who has not seen that sign at a railroad crossing?
If everyone has seen it at some time or other, then why doesn't the railroad let the sign rot away? Why does the railroad company continue to keep those signs at every crossing?
Maybe you think, Mr. Merchant, "Must everybody know my store, I don't have to advertise."
Your store and your goods need more advertising than the railroad needs to do to warn people to "Look Out for the Car."
Nothing is ever completely in the advertising world.
The Department Stores are a very good example—they are continually advertising—and they are continually doing a good business.
If it pays to run a few ads 'round about Christmas time, it certainly will pay you to run advertisements about all the time.

GIRLS! LOTS OF BEAUTIFUL HAIR

A small bottle of "Danderine" makes hair thick, glossy and wavy.

Removes all dandruff, stops itching scalp and falling hair.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Knowlton's Danderine now—it costs but a few cents—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp, and it saves hair from falling out at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this. Adv.

Cleaned.

Rude persons who play poker are said to say of a thorough loser that he has "gone to the cleaners." For some time historians will overlook the utter completeness of the Austrian emperor's rule it should be recorded that Karl not only was "cleaned," but that he actually "lost his pants," which, in the language of the poker table, is said on reliable authority to express the ultimate in deprivation. When the ex-ruled sent back to the palace for his clothes his emissary was informed that the new government had confiscated them. When the world is being made safe for democracy there is more than one way of keeping a king indoors.—Chicago American.

Dogs of War.

Dogs are used by an army in various ways. The sentinel dog accompanies an advanced sentinel; dispatch dogs carry dispatches between commanders; patrol dogs range ahead and about the patrol looking for the enemy; ambulance dogs search the battlefield after the ambulance men have picked up all the wounded they can find; draft dogs are used to bring up munitions and food; listening dogs are highly trained animals used in the front trenches, where their keen sense of hearing enables them to detect sounds inaudible to the men. The dog in many places in Europe is a working animal, almost as much so as a horse in this country, and has been readily adapted to war work.

NANTASKET NEWS NOTES

The whist party given on Thursday evening by the Nantasket Beach whist club in aid of the fund to welcome home "our boys" was a success. We will give full particulars next week.

Selectman John Smith is evidently taking some comfort these cold days when he has to go out on business in his new Ford sedan.

The people who patronize the train to Nantasket Junction were pleased to see the long train which came down to take the sailor from Bunkins Island for shore leave.

The ladies of this section are busy getting ready for Christmas and to welcome home the boys. Miss Canary is to give one of her famous baked bean suppers in aid of the Christmas tree fund, and she will be assisted by the ladies of the Guild of St. Elizabeth.

The Sale of the Pope Memorial was very successfully carried out on Wednesday evening of which "more anon," as Samanthia Allen would say.

It has been reported that David Templeton has been wounded in France. How severely it has not been said, but we are glad to state that report has it that he is recovering. It will be remembered that David was the first one to report for duty in the Mexican trouble.

The meeting held at Police Headquarters on Saturday night by the Welcome Home Committee is reported in full in another column by the secretary and publicity committee, Mr. James H. Grimes, Jr.

Fred Sylvester, Jr., who has been visiting in New York City for several days returned on Monday the 9th.

It is said that the Allen Special Aid has appointed Mrs. Robert Bryant, as the chairman of a committee to be chosen by her to conduct a whist party in aid of the Welcome Home fund. The date and place will be announced later.

Messrs. Arthur Pope for the electric light and Richard Mead of Hingham for the Telephone Company are inspecting the poles where their service combines and taking count of stock for their respective companies.

It is said that they have incidentally discovered several houses with broken water pipes, which they have reported to the Hingham Water Company. That shows the right spirit.

Officers Mitchell and Jacobs, in common with all the officers on the force, are constantly on the lookout for damages to property. Did it ever occur to you, Mr. Summer Resident, to leave your winter address so that the officers could notify you if any damage was discovered?

Mrs. J. E. Campbell, director of the Social Centre work has announced that she has secured Mrs. Florence Close Gale to furnish the entertainment for

the children at the Christmas tree exercises which will be held in the Damon school on December 19th in the evening. The teachers again united with the Social center in giving the tree. The parents of the children will be given seats by tickets.

MEMORIAL FOR BRAVE SOLDIER.

The memorial services for Corp. Roger Borland, who was killed in action on Oct. 2 in France was held on Sunday afternoon at 3 o'clock at the Pope Memorial church with a host of friends from far and near in attendance. Rev. Francis M. Sprague pastor of the church conducted the service and pronounced the eulogy.

Mr. James McMorro of Rockland sang several appropriate selections in a sympathetic manner. Miss Bjorklund, a life long friend and school mate played the organ.

The services were held in the main church. The honor roll was wreathed in beautiful white chrysanthemums, a gift from Roger's friend and classmate, Warren R. Campbell. Rev. Sprague gave a graphic picture of the scenes amid which Roger, dearly beloved of all who knew him, laid down his life; and spoke feelingly of what it meant to have such a bright and good young man taken from us, but pointed out the consolation derived from his splendid life and his brave and heroic death. The church, the home, the community, have suffered an irreparable loss in the going "west" of this man. Much and deep sympathy is expressed for his young wife who was Miss Harriet Burnham of Hingham, and his parents, Mr. and Mrs. John Borland of North Colonsset. The tribute of his friend, Sgt. Major Brickett, which he sent to Mrs. Burr and which was printed Nov. 29 is so good, so much better than can be said by another, "He was so clean and straight and fine, so worth living, and there was so much need for him to come home again! I don't believe any man in the company had more influence for good than he. He never slackened, nor lost his quiet nerve or smile. He could at any time come back with the regiment, and division, he helped to make famous, but he left us gloriously." That one of his boyhood and life long friends, fighting side by side with him the battle of life and more recently the battle of death, could say what Sgt. Major Brickett has said points out our loss. Let us build a monument to his memory by emulating his example.

Thespian Topics

COPELEY THEATRE.

"The Private Secretary" is one of the most popular forces of the current epoch. It has held its celebrity and its vogue for many years on both the English and the American stages, and its coming revival at the Copley Theatre this week is certain to be welcomed by multitudes of playgoers who are fond of genuine fun-making and wholesome merriment in the theatre. It will be acted at the Copley Theatre in the familiar and popular version made and acted by Charles Hawtry, the eminent English actor.

The scenes of "The Private Secretary" are laid in London, and the successive episodes involve a group of characters who possess the utmost humor in manner, speech and action. Among them are a Bond street tailor, a returned East Indian, a bailiff, a Cockney lodging-house keeper, a sentimental lady who believes in spiritualism, and the gentle and simple-minded clergyman who give to the play its title. For three acts there is a continuous tumult of rollicking incidents that are sure to arouse the quiet chuckle and boisterous laughter.

Pleasant words have invariably been the reward of "The Private Secretary" wherever it has been acted, and it has entertained theatre-goers in every civilized country on the globe. Its high quality of humor is everlasting, and it is filled with many droll-epigrams that have become household words. Among them is the private secretary repeats again and again throughout the play, and which seems funnier every time he says it.

The Henry Jewett Players will interpret "The Private Secretary" in the spirit of genuine farce. The title role of the Rev. Robert Spaulding will be acted by Mr. Olive, and others who will contribute their share to its humor will be: Mr. Wingsfield, Mr. Bernain, Mr. Craike, Mr. Joy, Mr. Leslie, Miss Newcombe, Miss Roach, Miss Ralph and Miss Repton.

"LEAVE IT TO JANE" 6th Princeps Theatre Musical Comedy Success. Coming to Majestic Theatre, Boston, Dec. 16th.

The jolly musical comedy success, "Leave it to Jane," is announced by William Elliott, F. Ray Comstock and Morris Gest for an engagement at the Majestic Theatre, Boston, beginning next Monday night, December 16th. During the run of "Leave it to Jane" at the Majestic Theatre there will be the usual matinee Saturday afternoon.

The theatregoers of Boston and vicinity

will be interested to know that "Leave it to Jane" is founded on George Ade's merry play, "The College Widow," which was so popular with New England theatre-goers when it was presented here some years ago.

In adapting "The College Widow" to music the general outline of the story of Mr. Ade's lively play has been followed. Certain features which were best adapted for musical exploitation have been slightly elaborated but the college atmosphere and the spirit of youth and merrymaking as well as of the amusing characters of "The College Widow" will be found in "Leave it to Jane."

There are two acts in "Leave it to Jane." The first shows the terrace of Memorial Hall at Atwater College on the opening day of the fall term, and the second is outside the football field. A lively football game is in progress between Atwater and Bingham colleges and this gives a stage setting for "Leave it to Jane" which is especially appropriate for this season of the year when football is the favorite sport.

"Leave it to Jane" is full of charm with rolls and frolic. The book and lyrics are by Guy Bolton and P. G. Wodehouse and are both clever and humorous, while the music by Jerome Kern is light, jingly and rhythmic, just the kind that is popular with audiences.

The captivating young ladies of the ensemble are both pretty and charming and have the authenticity of real youth. They were selected not alone for their beauty but for their ability to sing and act. The original company of "Leave it to Jane" which played for six months at the Longacre Theatre, New York, six months at the La Salle Theatre, Chicago, and has just completed a record breaking run of four months at the Chestnut St. Opera House in Philadelphia will play the Majestic Theatre, Boston.

CASTLE SQUARE.

An impressive story of love and devotion, both on the part of man and woman, is told in "For the Man She Loved," a melodrama by Carl Mason which will be given its first production in Boston at the Castle Square Theatre next week. The heroine is Mary Ballard, and when the hour comes, she stands the supreme test of loyalty. Billy Worthington, the son of a wealthy man who is employed in his father's business, is betrothed to Mary, and he is dragged away from her almost on the eve of their wedding to pay the penalty of a crime he did not commit—a shortage in his accounts. Even his own father turns against him, but his sweetheart remains as true as steel.

His father is found murdered, and the finger of suspicion points not to him, but to his wife, for he has hurried Mary on his release from prison. It is then Billy's turn to be loyal, and he stands by her as she stood by him. It is unnecessary to say that after many emotional scenes and incidents, happiness enters the life of the hero and heroine.

Dudley Ayres will appear as Billy Worthington, and Ann MacDonald as

Mary Ballard, and other important roles will be acted by Mark Kent, Joseph Seymour, Aubrey Bosworth, Blanche Fredrick and Betty Barnicot.

Cure for Hiccoughs.

Small pieces of ice applied suddenly, so as to surprise the patient, will stop persistent hiccoughing. Also hot drinks of weak coffee and milk taken frequently has the desired effect. A lump of sugar saturated with vinegar will often relieve hiccoughs.

Learn Road Building From Romans.

Good and properly permanent roads are still something of an unsolved problem. It has been suggested in Scientific American that road engineers might get much useful instruction in road building by studying the roads built by the Romans a thousand years ago, which, except for neglect of the surface, are still giving good service.

Strength in Cheerfulness.

Wonderous is the strength of cheerfulness; altogether past calculation its power of endurance. Efforts to be permanently useful must be uniformly joyous—a spirit all sunshine—graceful from very gladness, beautiful because bright—Carlyle.

FORTUNES IN OIL ARE BE MADE IN KENTUCKY

THERE ARE thousands of people who have won their way to fortune and life-long independence through a good investment in oil. Right now, the Government is urging the development of every acre of Oil Land in this country. Prices in oil were never higher, oil is here, Billions and Billions of gallons, and the BOSTON-KENTUCKY OIL COMPANY is going to do its share in supplying this great demand. Your opportunity to "Get Ahead" and share in the profits of this Company is here. For quick fortunes, staggering profits and overwhelming wealth-creating possibilities, nothing like the Oil business has ever been known. Fortunes are frequently realized in the twinkling of an eye—millions made over night, and everyone from the wage-earner to the millionaire has an equal opportunity to participate according to the amount he can afford to invest.

THE BOSTON-KENTUCKY OIL COMPANY tells you how to invest to get the most from oil. It does not matter how small your means how little surplus you may have available for investment purposes—the opportunity for you to secure an interest in the oil business is just as great in proportion as though you had a million dollars to invest. The judgment and advice of the directors of this Company is to buy as many shares as you can of the BOSTON-KENTUCKY OIL COMPANY. That's friendly advice and should give you and your family a start on the "Road to Prosperity." Recent reports show the possibilities for you in the BOSTON-KENTUCKY OIL COMPANY. For instance, the Gipsy Pool recently produced more than 1,000,000 barrels of oil and made over \$1,000,000 in 60 days; and the McManis Oil Company, since 1907 has made \$50,000,000 in profits; sixty-five dollars invested in the Kern Oil Company has paid over \$15,000 in dividends, and the Quaker City Oil Company paid a cash dividend of \$2,800 on each \$50 share of stock and the Houston Oil Company paid a stock dividend of 600 per cent. The investors in these Companies, some of whom have never seen the oil wells, started as you will start, perhaps with a modest investment, increasing it as your earnings double and triple.

THE PROPERTY. THE BOSTON-KENTUCKY OIL COMPANY is incorporated under the laws of the State of Delaware, Capital Stock \$250,000, full-paid and non-assessable. No preferred stock and no bonds. All shares will participate equally in each and every dividend. The properties of the BOSTON-KENTUCKY OIL COMPANY comprise 1,350 acres adjacent to the well-known Ragland Oil Field in Rowan County, Kentucky, and 960 acres in Clay County. The BOSTON-KENTUCKY OIL COMPANY owns all its land in fee and has no Leases, no Royalties and no Rentals to pay. Every indication points to the success of the BOSTON-KENTUCKY OIL COMPANY as in close proximity are the great oil wells of many dividend-paying companies.

THE PROSPECT. Every day the press of this country mentions the importance of producing more oil. 168,656,838 gallons of oil were shipped out of Kentucky in 1917, a remarkable increase over the previous year, and 1918 will be the biggest year in the history of Kentucky Oil, and 1919 should surpass all previous years. The BOSTON-KENTUCKY OIL COMPANY should be an important factor in adding materially to the constantly growing production. People everywhere are wildly enthusiastic over these new fields and in the course of a few months the good news will be spread to the investors who have chosen wisely and well.

AN UNUSUAL profit-taking opportunity. Without cost or obligation, the BOSTON-KENTUCKY OIL COMPANY will give each and every purchaser of BOSTON-KENTUCKY shares, an option on an equal number of shares at the price paid at the time of original purchase. This option may be taken up at any time within six months from December 1st, 1918, regardless of the ruling price at which the share may then be selling for.

MAKE THE MOST of this wonderful opportunity—NOW—invest in oil—place yourself in the position where a little of your surplus money may bring you bigger results than you ever dreamed of. BOSTON-KENTUCKY is a conservative Company, managed by men who know how to produce oil. The acreage is unusually large and the capitalization unusually small. By your shares now at the present low price of 15c per share before drilling begins. The price will go up as the drill goes down. Make money by buying before the advance in price. This offering will not wait—act now—obey that impulse fill out the attached application blank on either the cash or partial payment plan and mail it today.

teresting speakers it secures and the
people of Hingham are to be congrat-
lated upon its Forum.

COHASSET COSY CHATS

Mr. Waldo C. Locke, who was born in
Cambridge in 1843 and resided in Co-
hasset for a great many years of his
life passed away at the Charles Lincoln
Hospital, Back Bay, Boston, on Monday
morning, Dec. 9th, after an illness of
about two years. Mr. Locke was well
known and respected in Cohasset and
when in health his was a familiar face
to its citizens. He lived for many
years on what was called the Locke
Farm on King street, which he owned
and where he reared his family. His
first wife was Emily J. Reed and she
died in 1870. He is survived by a sec-
ond wife, Luchina P. Reed, and two
children, Gertrude Shaw Locke and
Amos Warren Locke.

Mr. Geoffrey Whitney Lewis, son of
Mr. Wm. Whitney Lewis of Cohasset,
passed away at his home on Elm street
from bronchial pneumonia which devel-
oped last week after an illness which had
confined him to his home for a year and
a half. On July 5th, 1917 he was
obliged to retire from his business which
was with the firm of Wm. A. Reed,
brothers, Boston, because of his failing
health. Mr. Lewis was a graduate of
Harvard and great sympathy was felt
for him by his relatives, many friends
and the three children, his father and
two sisters—Miss Eleanor Lewis and
Mrs. Katherine Lewis. Red Cross
Nurse in France, survive him. Funeral
services were held at Mt. Auburn on
Wednesday of this week, Rev. H. K.
Barton officiating. His mother was a
Philadelphia woman and died a year
ago last August.

Mrs. Louise Mulvey Francis, wife of
Mr. John Francis, passed away at her
home near Stockbridge street on Wed-
nesday, Dec. 4th, after an illness of
more than two years. Mrs. Francis had
personality and was an "extremely in-
teresting woman to talk with and the
C. C. was glad to count her among her
friends whose company she always en-
joyed and she records her own regret as
well as that of many others in the pas-
sage to a brighter clime of her, who was
a faithful wife, devoted mother and
loyal friend. She had always made her
home in Cohasset and was well known
and highly esteemed and respected, be-
ing one of the Mulvey family who used
to reside on what is now Lincoln Hill
side. She is survived by her husband,

a son, Mr. Ignatius Francis of Cohasset,
a daughter, Mrs. Elmer Newell of Yar-
mouthport, Mass., two sisters, Mrs. Yoe-
mans of East Boston and Mrs. Frost of
Boston and a brother, Mr. Wm. Mulvey.
She had two step-children, viz. Mr. John
Francis a prominent contractor of Dor-
chester and Mrs. Chas. Antonio of Hull.
She was 68 years old, being born April
15, 1850. Funeral was held Friday
morning from St. Anthony's Church, Fr.
Carney officiating. Interment was in
family lot at Woodside. The formal trib-
utes of great beauty included a bunch of
wheat from husband, pillow from daugh-
ter and wreath from son and wreath
from employees of Mr. John Francis.

The inquiry made some time ago by
the C. C. regarding the lighting of Minot
light for the first time has been an-
swered by Capt. Milton Reamy of
Gurnet Lights, who very kindly sent her
the last booklet he had left from some
years ago by the clerk of the
lighthouse department giving a brief
history of Minot, with its picture on the
outside leaf, and telling the date of the
night of first lighting. It was Nov. 15,
1860. The C. C. was glad to get this in-
formation and after the late S.
Frank Treat was on the light that night
with the two or three other men there.
The meeting of the Old Colony Circuit
League was held on Monday evening at
the North Cohasset M. E. Church with
large number of attendance and the fol-
lowing program was given:
Song service
Scripture reading, Rev. G. A. Schwanbuer
Prayer Rev. Frank J. Graham
Hymn
Address Rev. Frank J. Graham
Roll Call
Business
Scripture Response

Epworth League Benediction
Social Hour.

Rev. Kingston of Hull gave as is usual,
a very eloquent discourse, which was lis-
tened to attentively. He is a deep stu-
dent of the signs of the times and gave
the loftiest ideals for reconstruction.
Hull carried home the banner having
eighty-eight percent of membership pres-
ent. The social hour was a reunion of
old friends. A collation of cocoa and
cake was served.

Mr. and Mrs. John D. Bates are residing
at home here.

Word has been received that Albin
Bjorklund has been injured in France
but the extent of the injuries is not yet
known.

SCITUATE'S SNAPPY SHOTS

One Dec. 7th the testing of the big
guns at the Ordnance Department Prov-
ing Station here begun and continue
for several days. The first fired were a
surprise to the residents, but no ill ef-
fects were reported and no windows
were shattered. Much interest has been
manifested in Scituate and Cohasset as
well as other towns by the passing
through them of large guns camouflaged.
Great interest is shown here in the
auto trips to Rockland and on Fridays
Rockland is full of Scituate people. The
trip up and back is made a social event,
something like a church social where
you exchange receipts, amenities, and
greetings with your neighbors.

The end of the war has brought re-
joicing to the hearts of many.

Dec. 16-17 is the drive for Red Cross
members. Put Scituate over the top.

LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

HURRY, MOTHER! REMOVE POI-

GIVE CALIFORNIA SYRUP OF FIGS
AT ONCE IF BILIOUS OR
CONSTIPATED.

Look at the tongue, mother! If
coated, it is a sure sign that your lit-

once.

When peevish, cross, listless, pale,
doesn't sleep, doesn't eat or act natu-

breath bad; has stomach-ache, sore
throat, diarrhoea, full of cold, give a
teaspoonful of "California Syrup of

constipated waste, undigested food
and sour bile gently moves out of the
little bowels without griping, and you
have a well, playful child again.

You needn't coax sick children to
take this harmless "fruit laxative;"
they love its delicious taste, and it
always makes them feel splendid.
Ask your druggist for a bottle of
"California Syrup of Figs," which has
directions for babies, children of all
ages and for grown-ups plainly on the
bottle. Beware of counterfeits sold
here. To be sure you get the genuine,
ask to see that it is made by the "Califor-

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's
Vegetable Compound
Is Prepared For
Woman's Use.

A visit to the laboratory where this
successful remedy is made impresses
even the casual looker-on with the reli-
ability, accuracy, skill and cleanliness
which attends the making of this great
medicine for woman's ills.
Over 350,000 pounds of various herbs
are used annually and all have to be
gathered at the season of the year when
their natural juices and medicinal sub-
stances are at their best.

The most successful solvents are used
to extract the medicinal properties from

Every utensil and tank that comes in

and as a final precaution in cleanliness
the medicine is pasteurized and sealed

It is the wonderful combination of

skill and care used in its preparation
which has made this famous medicine
so successful in the treatment of

HOME TOWN HELPS

SPEND YOUR MONEY ON HOME

Outlay Surely Worth While, Since It is
the Grandest Institution Con-
ceived by Man.

Life is short, yes, by comparison
with what lies beyond, but since its
birth this small atom in a universe of
worlds has been for millions, aye for
billions of men a workshop and a play-
ground. They have bought and sold,
they have toiled and reaped, they have
harnessed the lightning, conquered the
air and established lanes of traffic
across the raging seas. They have even
tunneled beneath wide rivers, hanging
safe highways of steel for travel far
under the pulsing tides' ebb and flow.

As the race has progressed from its
earliest beginnings more and more
firmly has a fitting idea of home be-
come fixed in men's hearts. Time was
when a home meant a rude hut with-
out windows and with a hole in the
roof for a chimney. Now everyone
realizes that a home is the grandest
institution yet conceived by man, a
place not alone in which to sleep and
eat but a very shrine of shrines, a
sanctuary of loving hearts, a well-
spring of inspiration and peace.

A tender sentiment attaches to the
image of the little thatched cottage
in the lane. But with the passing of
the primitive thatched roof has come
the bigger, better idea of the home as
a place for which no modern invention
for comfort, even for luxury, is too
good. Plate-glass windows, yes, if we
can afford them! A garden with a
fountain around which birds sing
gather and beside which young lovers
shall dream—why not? If the dream
of the proverbial rainy day is past wish
not to lavish upon the home in unstinted
measure not only love but money—so
that when we come to it at the close
of day it shall give back to us glow for
heart throb, smile for smile, ease and
refreshment for every need of body
and of soul. To build and worldly
equip the home is a sacred task, a
blessed privilege. As a man thinketh
in his heart of his home—so is he—

AUSTRALIA AWAKE TO NEEDS

People Beginning to Realize Necessity
for Changed Conditions for the
Dwellers in Cities.

In his presidential address to the
Australian town planning conference
held in Brisbane Mr. J. D. Fitzgerald,
minister for local government and
health and for town planning, New
South Wales, said: "We have assem-
bled to plan out the destinies of Aus-
tralian city dwellers. It is an unchal-
lengable fact that our movement will
change the destiny of the urban popu-
lations, that our propaganda will
make our civic conditions better, our
city plans nobler, our citizens happier
and comfortable beyond the dreams of
today; that our town planners' de-
vices will save millions to the nation
which would otherwise be poured out
in sheer and wicked economic waste-
wicked because preventable.

"We Australians are only at the be-
ginning of the great campaign which
we must fight before we create ideal
conditions for our city dwellers," con-
tinued the New South Wales minister.
"Our parliament must hasten to the
aid of the pioneers. Already several
of the states have general town-plan-
ning bills prepared. Four years of
war have changed the face of things
as regards housing as well as every-
thing else. Britain has leaped for-
ward 100 years in methods, in organi-
zations, in planning in advance, in
housing and, above all, in outlook."

Wage War on Dirt.

Dirt is slain and it takes a bacteriolo-
gist to tell the difference between
clean dirt and dirty dirt. So we can
afford to take no chances. Unless we
cultivate cleanliness of mind and
body, cleanliness of home, of city and
country, cellar and garret, wharf and
shop, markets and roads, of the air
we breathe, of the milk and water we
drink, and the food we eat, all the
serums and regulations of preventive
medicine will not save us. For health,
like morality, is more than an indi-
vidual matter; it is a community af-
fair.

Have Patience in Judgment.
Endeavor to be patient in bearing
with the defects and infirmities of oth-
ers, of what sortsoever they be; for
that yourself also hast many failings,
which must be borne with by others.
If thou canst not make such an one
as thou wouldst, canst thou ex-
pect to have another in all things to
thy liking?—Thomas a Kempis.

Adding to Wealth and Happiness.
Public parks are democracy's play-
grounds. The comforting beauties of
such places are free to all. Public
parks for rural recreation. They
strengthen civic pride among actual
citizens. They convert prospective citi-
zens into actual ones.—Dallas Times-
Herald.

Makes No Progress.
"De man dat don't trust nobody,"
said Uncle Eben, "is like a man who
won't git on board de cars for fear de
engine will blow up. He don't git no-
where."

Acid-Stomach Ruins Health of Millions

Besides those painful attacks of in-
digestion; that awful bloated, lumpy
feeling after eating and downright
stomach misery that you who have
experienced it know so well; besides
disgusting belching, food-repeating,
sour stomach and distressing heartburn
—besides all this, ACID-STOMACH
undermines the health and saps the
strength of millions.

If you don't get rid of those stomach
miseries there is no telling where your
stomach troubles will end, for it is a
well known scientific fact that many
serious ailments have their start in an
acid-stomach.

Start now—this very day to get rid of
your stomach miseries—take EATONIC
—the wonderful remedy that absorbs
the excess acid from the stomach and
brings INSTANT relief. You simply
have no idea how much better, stronger
and brighter you feel at once. It drives
out all the gas and bloating, stops the im-
mediate stop to belching and heartburn,
ends stomach suffering and makes it
cool, sweet, comfortable and strong.

There can be no further excuse for
you to allow acid-stomach to wreck
your health—pile up misery upon mis-
ery until you get to the point where
you feel down and out and that life has
lost all its joys. Remember, just as
acid-mouth ruins teeth, so acid-stomach
ruins health.

Take EATONIC. It's good. Just like
a bit of candy and makes the stomach
feel fine. You can then eat the things
you like and, what is more, every
mouthful you eat will count in creating
power and energy. You'll feel so much
better—have punch and pep—the power
and will to do things and get results,
and your stomach misery will be gone.

Take our advice. Get a big box of
EATONIC from your druggist today.
It costs so little. If it fails to remove
your stomach distress, he will refund
your money. That is guaranteed, you
are to be satisfied or money refunded.

HULLONIANS' HAPPY HOURS

The meeting of the Village School Parent-Teacher association was well attended on Monday afternoon.

Sunday services at the M. E. church were well attended and were interesting. In the morning the Rev. Paul Ringdon preached a very eloquent and masterful sermon in honor of the day "Great Britain Day." It was a very conservative but eloquent expression of the part Great Britain has played in the war and too much cannot be said of Rev. Ringdon as a speaker on methods of reconstruction. He is a thinker, a teacher and a leader in advanced thought.

On Monday evening the Epworth League attended the meeting of the Old Colony league which was entertained by the M. E. Church at North Cohasset. Eighty-eight per cent of membership was present so Hall again secured the banner. Rev. Ringdon gave the address which was along patriotic lines and was one of his best. The wonder is the Rev. Ringdon can preach and lecture and not repeat himself. Mr. James Douglas loaned his truck to carry the young people and Mrs. Gilman, Mrs. Derby, and Mrs. Sirovich conveyed over a party in their autos.

On Sunday evening Mrs. Libbie F. Knight led the Epworth League prayer meeting. Subject, "The Democracy of God," which was treated in splendid manner. Corp. Frederic Vogel of the S. O. T. C. spoke well and told some interesting facts about his life at the training camp and what it had meant to him to be a member of the Epworth League.

Dr. and Mrs. Frank Derby of Allerton Hill are entertaining the latter's mother, Mrs. Mary J. Durbin of Dorchester, who has been a summer resident for several years.

Mr. and Mrs. Charles Flick and interesting family are welcome additions to the year round colony and Mr. Flick is a welcome addition to the business men of the town. Their four year old son, John is a smart one. He knows everyone in the district by name. One day his father jokingly said, "Go feed those horses," and John did, going into the stall and giving one of the horses a kick with his little foot, he said, "Get over there."

It is a matter of congratulation that the Welcome Home Committee is to have women on it, on an equal footing with the men. This war should teach us, because of the splendid work, that the women have done, that they should be placed in a prominent position on all the committees of importance in welcoming home the boys.

Mrs. Frank Derby and her mother, Mrs. Durbin, Mrs. Joseph Cahalan and Mrs. Charles Flick motored to Hull in Mrs. Derby's auto and attended the Parent-Teacher meeting. "Welcome" given the boys would be just as it should be.

The heads of every society have been invited to co-operate and it is understood that each society stands pledged to support this movement. We are proud of our boys, and we shall be honoring ourselves to do them honor.

Mr. and Mrs. Robert Bryant are busy getting ready for their usual Christmas celebration. They are hospitably making it a community affair. The M. E. Church School, Parent-Teacher association and Ladies Aid society of the Village will join to make this year's Christmas tree a community tree. There will be speaking and singing and the usual good cheer.

The plans for carrying out the Christmas tree, as per plans already started by late Rev. Andrew J. O'Brien before his death, are progressing rapidly, and a memorial to the exercises will be attended by many. A note of sadness will still be felt despite the good cheer which will abound. Father O'Brien will be greatly missed.

Col. Wilson, who is temporarily stationed at Fort Revere gave a smoke talk at the Mer's Club on Wednesday evening. It will be remembered that when Col. Wilson was at Fort Revere before he was a rare talker and story teller and his talk Wednesday evening showed that during his ten months "Over Seas" which was the subject of his talk, he lost none of his ability as a raconteur.

Mrs. W. H. Sturgis and Miss Emm. are visiting in New York City and in other cities and towns in the state. While in New York City they are stopping at the Waldorf Astoria.

Dr. C. P. Sylvester was the guest of his parents, Mr. and Mrs. W. H. Sylvester on Saturday. Dr. Sylvester is chairman of the committee on disposal of garbage which had a meeting at Police Headquarters on Saturday evening.

Mr. and Mrs. John Bryant and son, Newton, moved to Dorchester on Wednesday where they will board for the winter returning to their pleasant cottage here in the early spring. Mr. Bryant's business makes it impossible for them to reside at Allerton. We shall miss them.

Don't forget the Red Cross membership drive that starts the 15th. Be a member. Miss Agnes Smith is assisting our genial town tax collector, Mr. Charles H. Waterhouse.

This has been a busy and profitable week for all in the amount of kindly activities.

Some of the people in the town who knew Father O'Brien best are active in endeavor that the Christmas Tree will be carried out as nearly like what he had planned as possible.

The Ladies Aid Society met at the home of Mrs. Frank Derby this week, who was assisted as hostess by Vice-pres. Mrs. Matthew McLean.

Mrs. Robert Bryant, Mrs. John E. Rudderham, Mrs. E. J. Sirovich, and Warren Nixon attended the play given by the Universalist players at G. A. R. hall Hingham on Tuesday night.

Mr. Harry Cleverly is visiting her mother in New Bedford where she will remain until it is determined what the duration of Lieut. Cleverly's service in the army will be.

It is reported that Douglas Ross has been promoted to a lieutenant in recognition of his heroic capture of a machine gun.

Miss Marie Fitzpatrick conducted a very enjoyable dance at the town hall on Wednesday evening in aid of the Welcome Home fund.

Mr. Andrew Pope of the electric light plant has recovered and it at his post of duty again to the pleasure of all his associates.

Female Micawbers.

"I was standing on my doorstep." This is the stock observation of nearly all ladies who bring their little differences into the Cardiff police court. I was repeated by more than one lady in the stately magistrate's court and it would seem that there are many ladies in Modern Athens who are perpetually upon the front doorstep waiting, like Micawber, for something to turn up.—Cardiff Western Mail.

Her Classification.

A trained nurse was taking care of Jack's grandfather. After having been in the family for some time it became necessary for her to leave and a new nurse was employed. She was a practical nurse and Jack had heard his family discuss the difference between the two nurses. The next day Jack said to his teacher: "We have a new nurse at our house, half trained and half wild."

Mark of the Beast.

It is most true that a natural and secret hatred and aversion toward society, in any man, hath somewhat of the savage beast.—Bacon.

Cork.

The outer spongy bark of the cork oak, which grows in the south of France and Spain, constitutes the substance known as cork. This outer bark is periodically stripped off the tree, soaked for a time in water, and the surface subsequently charred to close the pores.

Made Money From Dandelions.

Collecting dandelions an Italian woman living in Philadelphia has been able to save \$2,000 during the last 40 years. It appears that about forty years ago the woman's husband died, leaving his widow unprovided for. She started to collect dandelions, and sold them to her countrymen in the city. A few days ago she died, and it was found that her savings had accumulated to a little more than \$2,000.

RED CROSS HAS A NOBLE TASK AHEAD

Maj. Gen. Edwards Just Back From the Front Cites Cases in a Signed Article.

BY MAJ. GEN. CLARENCE R. EDWARDS, Commander, Department of Northeast, U. S. A.

The Red Cross has a great work ahead of it, a very great work, a noble work. We don't yet realize how great this work is to be, right here in New England. But we shall know better in a few weeks, when our wounded boys are here, and better still in a year from now, when we have seen them with our own eyes and have heard their stories.

The work that the Red Cross has done in France has been great and useful. When we arrived there we were in terrible need of tents and blankets. When we had done our best there was still need. Then the Red Cross stepped in, without any useless red tape, and found us the tents and the blankets, and saw to it that our New England boys were comfortable. That means a great deal to a boy when he is three thousand miles away from home, and cold and wet. The Red Cross will be busy in France and Belgium for a long time yet, with the people in the devastated regions and with our own boys. But the work that I can't help thinking of most, the work dearest to me, is that which will be absolutely necessary for our boys here and for their families, right in our midst.

Every day I get scores of letters from the relatives of our boys. Some of them are most pathetic—they take a hold on my heart. They come from the mothers of our boys, mothers who do not know where their boys are, and who are sick with worry, mothers who know that their boys have been wounded but wish to learn more about them, to ease their terrible anxiety, mothers who wish to know when their dead boys will be sent home.

Letters come from widows whose only sons are in the army in France and who are dependent on these sons. These mothers are sometimes in great need of financial aid, and they are afraid that their government allotments will not arrive in time. They need money for food and for rent. Here is a letter from a widow whose son has been wounded and is now in the hospital in another state. He cannot yet be discharged, but he is her only support, and she writes to tell me her needs because unless help comes she is going to suffer.

Last year these mothers were sending boxes at Thanksgiving time to their boys. This year many of them are waiting, while they weep, for the terrible box that will bring the body of the dear son home to them. These mothers are the rightful care of the Red Cross, and what a work it can do for them.

On our boat coming home were 186 crippled men, coming back to make their way again. Another boat started the same day with as many more. Some of those boys have only one arm, some have only one leg, some will not see their mother's face because they are blind. What is going to become of those boys who have given all that they could? Many of them cannot hold their own places of work. Where will they find new ones? No nobler work can be done than for the Red Cross to see to it that they are made comfortable, that they are looked after until they are settled again. And they must not come back to homes that have been uprooted while they were away. The Red Cross can make them most happy by having their homes safe for them, and their mothers and sisters well.

One of the best things about the Red Cross is that it has no red tape. It goes straight to the heart of things at once, and wastes no time. Its help is sure and quick, and that means everything. I hope that the Red Cross can see to it that no man shall be found, a year from now, with an empty sleeve or on crutches, who is wandering the streets looking for work. We don't yet know what it all means, but we are going to find out pretty soon when the boys are here again.

The Red Cross has a great and a very noble task ahead.

RED CROSS SUPPLIES

The varied character of the supplies which the American Red Cross provides for American soldiers and sailors is shown in the following list of articles furnished in one recent month to our fighting men in Great Britain: 80,000 sweaters, 30,000 toothbrushes, 50,000 pairs of socks, 32,000 pounds of soap, 100,000 boxes of matches, 800 baseball outfits, 500 mouth organs, 144,000 packages of chewing gum, 5,000,000 cigarettes. For handling these supplies, the Red Cross has seven warehouses in England and six in Ireland. If necessary, 4,000 shipwrecked Americans could be outfitted from head to foot at one time from these emergency depots. Advance arrangements have also been made for billeting, housing and feeding any number of men who might unexpectedly be landed at ports where there are no British military camps.
